**Defy Your Doctor and Be Healed** By C. Thomas Corriher, Sarah Cain Corriher

Without any fear of repercussion or rejection, Thomas and Sarah will lead you through a compelling, never-before-seen exposure of widespread fraud in mainstream and alternative medicine in *Defy Your Doctor and Be Healed*. This book is meant to be more than just an investigation of fraudulent medicine -- it's intended to save your life. It's sure to be provocative as you'll learn much of what you're told or sold by medical 'authorities' and the media can be reduced to cleverly devised narratives or pathways for profiteering. As you learn the ins-and-outs, you'll be given the tools and knowledge to take charge of your health with confidence.

As the veteran "health detectives" of Health Wyze Media, Thomas and Sarah have earned enduring reputations for asking tough questions and getting unpopular answers. They are the producers of *The Health Wyze Report*, a hard, in-depth look at the truth behind today's orthodox and alternative medicine, and "The Cancer Report", a documentary about the cancer industry and its alternatives. *Defy Your Doctor and Be Healed* is the culmination of seven years of uncompromising medical research and reporting. Its premise is simple: it approaches standard and alternative medicine from a scientific standpoint, examining their goods and ills. It also asserts that the human body has natural healing abilities, and that the answers to most of our health dilemmas are so close to us that we're unable to see them.

### From the Author

This book condenses seven years of research concerning all of the things that doctors never say, and it teaches readers how to break free of the medical treadmill. Alternatives are explained in every chapter to demonstrate the healing power of natural medicine. *Defy Your Doctor and Be Healed* is what the other natural cures books were supposed to have been, but weren't. It does not merely list what works and what does not. It explains the hows and whys in a very straightforward manner.

Your doctor is not your healer. He is your dealer. This is why diabetes drugs cause full-onset diabetes, cholesterol medications cause sudden-onset heart attacks, and why radiation from cancer screenings causes cancer. The system is primarily designed to be self-perpetuating, and to prevent us from ever being free. There is no money to be made from healthy patients, nor is there profit in having dead patients. The money is made somewhere in the middle, in patients who are alive, but barely.

By discovering how corrupt the system is, readers will never see things in the same way again. The medical establishment is one of few industries which remains well respected, because it has so cunningly been able to manipulate the public and the media -- much more than any other industry ever has. As one of the hundreds of examples given within the book, cancer patients who forgo standard treatments live four times longer, and have a better quality of life; making virtually any alternative therapy superior. The mortality census shows that properly prescribed medications cause more deaths in the United States every year than any war in its history, and this omits the deaths from medical mistakes and surgery.

The legitimate alternative therapies are explained throughout this book, which were actually standard therapies prior to the early part of the twentieth century. These were the truly safe medicines that had been honed for centuries before the medical schools were hijacked by the Rockefeller Foundation, American Medical Association, and before medicine's unholy trinity was formed with the addition of the Food and Drug Administration. This fascist cartel gave rise to a petrochemical empire that rules not only our highways and industries, but it covertly monopolizes our medicine as well. Its first actions were to silence all competition to its medical monopoly through disingenuous licensing laws, and then to ban all natural treatment options by fiat, for the sake of promoting its own chemical drugs. Such has come to pass. Few people know of this darkly-shrouded history, or of the better alternatives, because of the cartel's iron grip upon society's throat.

One of the reasons why alternative medicine is routinely mocked is because most of what has been presented as alternative medicine in recent times is not even medicine at all. Instead, it consists of new-age occultism. Much of it dates back to the forbidden religious practices of the ancient Egyptians. Our dedication to the truth and to using the natural tools that we have been given is one of the reasons why we refer to our healing methodologies as "God's medicine". It is giving the credit for our ability to heal where it is really due, and it conveys that the human body was not designed to be broken.
