**Family Communication: Nurturing and Control in a Changing World** By Beth A. Le Poire

**Family Communication: Nurturing and Control in a Changing World** thoroughly reviews the traditional family communication theories of roles theory, family systems theory, and rules theory in an engaging, non-traditional way. This book uniquely organizes the study of family communication around the concepts of *nurturing* and *control* in all family relationships, across all family forms, and their relationships to psychological processes and communicative outcomes in families.

### Editorial Review

#### About the Author

Beth Le Poire (Ph.D., University of Arizona; M.A., University of Arizona; B. A., California State University, Stanislaus) is full professor in the department of communication at the University of California, Santa Barbara. She has 40 published works across communication in such journals as *Human Communication Research* and *Communication Monographs*. In family communication, her work looks specifically at parental and romantic attachment and the influence of partners on continued problematic behavior in the family (e.g., substance abuse). She has presented more than 70 conference presentations and has been the recipient of 14 top paper awards across national and international conventions. She has also been the recipient of the National Communication Association's Golden Anniversary Monograph award. She is just completing her editorship of *Communication Reports* and serves on 8 editorial boards including *Human Communication Research*, *Communication Monographs*, *Communication Quarterly*, and *Journal of Communication*. She has taught family communication since 1995 to more than 1,200 students.

### Users Review

#### From reader reviews:
