In My Veins By C.A. Madden

Karina's life seemed normal, because it was. She was lucky to have found a great job once she finished college and lived in one of the most popular cities in the world. But she was just missing one thing - love. She just wasn't in a hurry to find it before and now that she did want it, she was convinced it just wouldn't happen for her. Until she met James, the mysterious and ridiculously handsome man she kept running into.

James was cursed. Because of his dark secret, he considered himself a monster. He warned Karina to stay away from him. He knew that she deserved better than him but he couldn't let her go. She was the only one that could free him from the curse.

Everything changed for Karina when she met James. Once word of their relationship was exposed to a part of the world she didn't even know existed till she met him, her life was put in danger. Something or someone was after her, determined to get rid of her. James was determined to do anything to protect her from the danger brought to her because of him.

But what if the only way to protect her... is to let her go?
