Learn to Weld: Beginning MIG Welding and Metal Fabrication Basics - Includes techniques you can use for home and automotive repair, metal fabrication projects, sculpture, and more By Stephen Blake Christena

Master MIG welding and the metal fabrication techniques you need to repair, create, and duplicate projects in your home welding studio. *Learn to Weld* starts with the basics: setting up your studio, the right safety gear and safety procedures, and the equipment and materials you will need to begin with welding. With the help of step-by-step metalworking photos and tutorials, you will learn detailed techniques for cutting and grinding, and for joinery using a MIG welder. Practice the techniques and projects, and you'll soon be able to repair, create, and duplicate metal fabrication projects in your own welding studio. Best of all, you will have both the fundamental skills and the confidence you need to create whatever is in your imagination. With *Learn to Weld* you'll be equipped to conquer a world of welding projects.

Editorial Review

About the Author

Stephen Blake Christena is the owner of Midwest Metal Works in Chicago, IL. MW2 offers custom fabrication services and a learning center for hobbyists interested in MIG welding. Christena teaches small-size courses designed to cover the basics and explore students' projects and interests. He is also a spokesman for Miller welding equipment. Originally from Flint, Michigan, Christena moved to Chicago in 1998 after graduating from Western Michigan University with a degree in art. During his time at WMU, his primary focus was directed toward metal sculpture, photography, and painting. He opened his first custom metal sculpture studio in August of 1998. www.midwestmetalworks.org

Users Review

From reader reviews:

Rebecca Shadwick:
