## **Editorial Review**

### Review

"The Practical Physiotherapy for Veterinary Nurses textbook is ideal for veterinary nurses working in small animal practice with an interest in physiotherapy for both medical and surgical patients." (The New Zealand Veterinary Nurse 2016)

"This book has several good points. Recommended rehabilitation is broken down into early phase (0 to 2 weeks), midphase (2 to 6 weeks), and late phase (6 to 12 weeks). It contains a nice review of respiratory therapy from a physical standpoint, a subject rarely tackled in other textbooks. Readers are reminded throughout the book to assess both subjective and objective outcome measures to evaluate the response and progression of therapy in individual patients. Communication and follow-up with the veterinary surgeon is also stressed." (*Journal of the American Veterinary Medical Association 2016*)

### From the Back Cover

Reflecting a rapidly growing area of interest in veterinary practice, this practical, pocket-sized guide to small animal physiotherapy has been designed for quick reference, providing the ideal guide for busy practice veterinary nurses when they really need it.

*Practical Physiotherapy for Veterinary Nurses* is divided into four key sections, covering the areas of musculoskeletal, neurological, respiratory physiotherapy and hydrotherapy. It includes hands-on technique photos throughout to ensure procedures are carried out correctly and safely. This guide will help VNs be involved in rehabilitation programmes which focus on returning the patient to the highest level of function possible.

This book is accompanied by a companion website at [www.wiley.com/go/carver/physiotherapy-veterinary-nurses](http://www.wiley.com/go/carver/physiotherapy-veterinary-nurses), which contains videos and self-test questions and answers.

### About the Author

#### **Donna Carver BSc (Hons) Physiotherapy, Dip AVN (surg), RVN, MCSP**

Donna works as part of the Pain and Rehabilitation service at The University of Glasgow, School of Veterinary Medicine, providing physiotherapy and hydrotherapy to small animals. She started her veterinary nursing career in small animal general practice. She has previously worked at the Royal (Dick) School of Veterinary Studies, Edinburgh, as a surgical veterinary nurse, and returning later as an animal physiotherapist/veterinary nurse. Donna is a member of the Chartered Society of Physiotherapy and has given numerous CPD seminars in physiotherapy and rehabilitation.

## **Users Review**

### **From reader reviews:**

**Ernest Villa:**
