Editorial Review

Gr. 2[^]-3, younger for reading aloud. So genuine are the paintings of narrator Julie, her big sister, Tara, and her younger autistic brother, Ian, that the three children look as though they will continue walking, tying a shoe, or feeding the ducks just as soon as the page is turned. As Tara and Julie take Ian along on their walk to the park, Julie describes how Ian acts differently from most people, showing no interest, for example, in the food or customers in Nan's diner and paying attention only to the rotating ceiling fan. Admirably patient with Ian, Julie nevertheless grows angry with his seemingly stubborn ways. Yet her close observations of her brother serve her well when Ian wanders away. By thinking of what Ian likes to do, Julie finds her brother and ushers him home again. Through its simple plot, the story conveys a complex family relationship and demonstrates the ambivalent emotions Julie feels about her autistic brother. This natural mix of resentment, anger, isolation, loyalty, and love is explained in preliminary notes written by professional pediatric caregivers. Sensitizing readers to these dynamics as well as to the autistic condition, this book offers a valuable, warmly told lesson. *Ellen Mandel*
