Editorial Review

Review

Norman Flynn's Public Sector Management has been long dominating the choice of readers in the field of Public Management. The new edition is a comprehensive and systematically revised edition of a convincing analysis of the latest development in the field for scholars and professionals. The current complex scenario of public management is clearly and succinctly clarified

Lina Vyas

City University of Hong Kong

The 6th edition of Public sector management proves again the value of a book which captures the dynamism of the public sector in Britain. It updates long-term trends and examines the major current developments which are shaping public services. With updated information, learning and discussion points, it will continue to prove a vital resource for students in understanding and explaining the public sector

Mark Exworthy

Royal Holloway, University of London

The sixth edition of Public Sector Management surely qualifies as a classic in the field. The book reproduces the admirable features of its predecessors, in particular the dissection and interpretation of public sector management, and is enhanced by the addition of relevant new chapters and by being contextualised in the turbulent 2010s. The book is strongly recommended for students of public management as well as academics and practitioners who want a well-conceived and clearly presented discussion of the subject

Professor John Halligan

University of Canberra

Norman Flynn's Public Sector Management is an excellent textbook that provides a thorough analysis of policy making in the public sector in the United Kingdom, along with a great deal of valuable descriptive information. Suitable for undergraduate and masters students in public policy, public administration or political science, Public Sector Management clearly describes how and why U.K. policies are chosen and implemented, as well as evaluates the consequences of such policies

Colin Provost

UCL

About the Author

Norman Flynn was the Director of the Centre for Financial and Management Studies, SOAS, University of London. He was previously been Chair Professor of Public Sector Management at City University of Hong Kong and held academic posts at London School of Economics, London Business School and the University of Birmingham.

He has written about public sector management in the United Kingdom, Europe and Asia, public sector reform in developing countries and about the relationship between business government and society in Asia. Recent books include *Public Sector Reform: An Introduction (European Commission)*; *Public Sector Management (Sage, London)*; *The Market and Social Policy in China* (edited with Linda Wong) (*Palgrave Macmillan*); *Miracle to Meltdown in Asia: Business, Government and Society (Oxford University Press)* (last two both translated in Chinese), and (with Franz Strehl) *Public Sector Management in Europe (Pearson)*. Further publications are listed on his website: www.normanflynn.me.uk

He has training experience in Slovenia, China, Kenya, South Africa, the United Kingdom, Ukraine, Georgia, Sweden, Norway, Finland and Scotland.

Users Review

From reader reviews:

Coleman Jones:

Here thing why this particular Public Sector Management are different and reliable to be yours. First of all reading through a book is good but it depends in the content of it which is the content is as delightful as food or not. Public Sector Management giving you information deeper since different ways, you can find any reserve out there but there is no reserve that similar with Public Sector Management. It gives you thrill reading through journey, its open up your own personal eyes about the thing that will happened in the world which is possibly can be happened around you. You can actually bring everywhere like in park, café, or even in your way home by train. If you are having difficulties in bringing the printed book maybe the form of Public Sector Management in e-book can be your substitute.

Joseph Singleton:

With this era which is the greater particular person or who has ability in doing something more are more special than other. Do you want to become among it? It is just simple solution to have that. What you have to do is just spending your time very little but quite enough to experience a look at some books. One of several books in the top list in your reading list is definitely Public Sector Management. This book that is qualified as The Hungry Hills can get you closer in growing to be precious person. By looking right up and review this e-book you can get many advantages.

Robert Schrader:

Do you like reading a reserve? Confuse to looking for your preferred book? Or your book was rare? Why so many problem for the book? But just about any people feel that they enjoy intended for reading. Some people likes reading, not only science book and also novel and Public Sector Management or perhaps others sources were given knowledge for you. After you know how the fantastic a book, you feel wish to read more and more. Science guide was created for teacher or perhaps students especially. Those ebooks are helping them to bring their knowledge. In additional case, beside science publication, any other book likes Public

Sector Management to make your spare time considerably more colorful. Many types of book like this one.

Ronald Peyton:

As a student exactly feel bored to be able to reading. If their teacher inquired them to go to the library as well as to make summary for some e-book, they are complained. Just minor students that has reading's spirit or real their passion. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading significantly. Any students feel that examining is not important, boring and can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Public Sector Management can make you really feel more interested to read.
