## Understanding Business Valuation: A Practical Guide to Valuing Small to Medium Sized Businesses - Third 3rd Edition By Gary R. Trugman

Now in its third edition, Understanding Business Valuation, 3e provides a comprehensive treatment of business valuation basics and delivers practical applications for using business valuation theory in your practice. Topics include valuation standards, theory, approaches, methods, discount and capitalization rates, S corporation issues, and much more! New to this edition: \* Two new chapters on Business Valuation Standards and Valuing Intangible Assets address common industry standards and the emerging topic of intangible asset valuation. \* A new annotated version of AICPA Statement on Standards for Valuation Services No. 1 identifies practical applications and explanations for all sections of the standard. \* Greatly expanded discussion on S corporation issues and how to address them when valuing closely held entities. \* New and revised exhibits, tables, boxes, and figures illustrate and highlight the most important topics discussed in each chapter. \* New two-color interior design strengthens your understanding and makes learning business valuation easier and more convenient than ever. \* Author's Note boxes throughout the text draw on the author's veteran, practical experience to identify critical points in the content. \* The accompanying CD-ROM includes several new sample reports and one of the most comprehensive bibliographies in business valuation practice.
