Clinical Veterinary Advisor: Birds and Exotic Pets, 1e By Joerg Mayer Dr.med.vet. M.Sc. Dip. ABVP (exotic companion mammal) DECZM (small mammal), Thomas M. Donnelly BVSc DACLAM

Providing accurate, at-a-glance information on managing the diseases of birds and exotic pets, **Clinical Veterinary Advisor: Birds and Exotic Pets** is the only comprehensive resource on the market covering birds, reptiles, small mammals, and other non-traditional pets. Concise summaries of hundreds of common medical problems help you consider differential diagnoses, recommend diagnostic tests, interpret results mindful of unique species differences, utilize important concepts of species-specific husbandry and nutrition, prescribe treatments, and provide follow-up care. With contributions from recognized avian and exotics experts and edited by Jörg Mayer and Thomas M. Donnelly, this clinical reference provides all the information you need in one book!

- **Six-books-in-one format** includes six separate sections: *Diseases and Disorders*, *Procedures and Techniques*, *Differential Diagnosis*, *Laboratory Tests*, *Clinical Algorithms*, and *Zoonoses*.
- **In-depth, cutting-edge coverage** includes all exotic species ? birds, reptiles, pocket pets, amphibians, and fish ? in one comprehensive resource.
- **Concise summaries** feature a definition of each problem, epidemiology, physical findings and clinical presentation, etiology, differential diagnosis, diagnostic workup (such as laboratory tests and imaging studies), treatment, prognosis and patient follow-up, zoonotic potential, and references.
- **Diagnostic and treatment algorithms** provide easy-to-follow, step-by-step guidance to clinical assessment and treatment planning.
- **A companion website** includes the complete text from the book, making the entire contents fully searchable, along with 250 full-color illustrations, client handouts, and the ability to print out any pages.

Editorial Review

Review

"This book provides a useful resource with information that is easy to access rapidly and provides the clinician with a working therapeutic plan to recognise and investigate exotic animal cases...The book is laid out, with an index that makes it easy to manoeuvre through the appropriate sections...In summary, this book would make a good addition to the bookshelf of small animal practices that see exotics. Information can be easily accessed for consultations and phone calls. For practices seeing exotics on a regular basis, this book is a useful addition to other texts can provide some additional tidbits on many topics." **Veterinary Record, March 2013**

Users Review

From reader reviews:

Leon Santiago:

People live in this new time of lifestyle always make an effort to and must have the free time or they will get lots of stress from both daily life and work. So , if we ask do people have time, we will say absolutely sure. People is human not a robot. Then we request again, what kind of activity do you have when the spare time coming to anyone of course your answer can unlimited right. Then ever try this one, reading ebooks. It can be your alternative inside spending your spare time, often the book you have read will be Clinical Veterinary Advisor: Birds and Exotic Pets, 1e.

Kelly Thompson:

This Clinical Veterinary Advisor: Birds and Exotic Pets, 1e is great guide for you because the content which is full of information for you who always deal with world and also have to make decision every minute. This kind of book reveal it information accurately using great coordinate word or we can claim no rambling sentences included. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only provides straight forward sentences but tough core information with beautiful delivering sentences. Having Clinical Veterinary Advisor: Birds and Exotic Pets, 1e in your hand like keeping the world in your arm, details in it is not ridiculous a single. We can say that no e-book that offer you world with ten or fifteen moment right but this reserve already do that. So , this can be good reading book. Hey Mr. and Mrs. active do you still doubt that?

Jessica Henriquez:

As a university student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just minor students that has reading's heart

and soul or real their pastime. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that examining is not important, boring along with can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Clinical Veterinary Advisor: Birds and Exotic Pets, 1e can make you sense more interested to read.

Rose Taylor:

Reading a guide make you to get more knowledge from the jawhorse. You can take knowledge and information originating from a book. Book is published or printed or outlined from each source that filled update of news. With this modern era like currently, many ways to get information are available for you actually. From media social such as newspaper, magazines, science book, encyclopedia, reference book, fresh and comic. You can add your knowledge by that book. Ready to spend your spare time to open your book? Or just in search of the Clinical Veterinary Advisor: Birds and Exotic Pets, 1e when you desired it?
