## **Editorial Review**

### **Review**

"Crawford and Pert have accomplished the seemingly impossible: produced a text on IHL that matches its concise explanations with real scholarly sophistication. It also deftly combines the history of the legal regulation of warfare with the most cutting edge controversies of the field, including drones, targeted killings, and cyberwar. It will be as useful to students as it is to scholars, and has earned a permanent place on my desk."

Jens David Ohlin, Cornell Law School

"This book introduces the reader to the key principles without disregarding the doctrinal debates or discounting the contests over certain concepts."

Andrew Clapham, Graduate Institute of International and Development Studies, Geneva

### **About the Author**

Emily Crawford is a lecturer and Director of the Sydney Centre for International Law (SCIL). She teaches international law and international humanitarian law, and has delivered lectures both locally and overseas on international humanitarian law issues, including the training of military personnel.

Alison Pert lectures at the University of Sydney in international law, specialising in the use of force and international humanitarian law. She is a qualified barrister and has practised as a lawyer in government and the private sector in London, Papua New Guinea and Australia. She has represented Australia at international organisations including Unidroit and UNCITRAL, and in treaty negotiations.

## **Users Review**

### **From reader reviews:**

#### **Ivory Hughes:**
