Suffer Love By Ashley Herring Blake

Sam Bennett falls for Hadley St. Clair before he knows her last name. When Sam finds out she is *that* St. Clair, daughter of the man who destroyed Sam's family, he has a choice: follow his heart or tell the truth about the scandal that links their families. Funny and passionate, *Suffer Love* is a story about first love, family dysfunction, and the fickle hand of fate.

Editorial Review

From School Library Journal

Gr 9 Up-A classic romance for modern readers. Hadley St. Clair has been in Woodmont, TN, for less than a year but already has a reputation for fast hookups. She is an expert at pushing people away, especially her father, who was busted back in Nashville for having an affair. Her spontaneous make-out sessions are her attempt to bury the pain. When a handsome new student becomes her partner in English class, Hadley finds herself unable to stay emotionally distant. Sam also falls hard for Hadley. The problem? Sam's mother had the affair with Hadley's father. He and his younger sister, Livy, know who Hadley is, but Hadley doesn't know Sam's true identity. His struggle is complicated because his sister was the one who outed the affair to Hadley's family. Just when Hadley felt she had someone she could rely on, the truth comes out, threatening her relationship with Sam. Echoes of Shakespeare's *Much Ado About Nothing* are featured throughout this novel about a relationship that's full of secrets, half-truths, and hidden identities. Flawed adults are juxtaposed against seemingly more mature teenagers. Blake forces the question-what do we do when the people we are meant to trust the most, our parents, let us down the hardest? VERDICT A strong choice for YA collections, especially where romance is popular.-Carrie Finberg, South Park High School, PAα(c) Copyright 2011. Review

Praise for *Suffer Love*: "[Blake] writes a believable, emotionally satisfying romance that relies on realistic characterizations rather than supermodel good looks, fashion, and standard plot devices. It's a refreshing change from the far more common standard romances that so often become formulaic, and the well-integrated literary references are a bonus. A smart, satisfying romance." *Kirkus* "Debut author Blake puts the teens in a near-impossible situation, adeptly showing how Sam and Hadley can be more adult in handling the complications of romance than all four of their parents . . . Readers will be left thinking about the ways love can both hurt and heal." *Publishers Weekly* "A strong choice for YA collections, especially where romance is popular." "School Library Journal" "Sam and Hadley are appealing and engaging characters, especially when Hadley devastatingly, sympathetically learns the truth. Blake doesn't opt for the easy, happily-ever-after ending, instead emphasizing that relationships are work and need to be handled with care." "Booklist" "Blake's debut novel is an absolute must-read realistic fiction that readers of Rainbow Rowell, John Green, and Sara Zarr will devour." *VOYA* "Sam and Hadley's palpable and steamy romance had my heart racing. This heartfelt, realistic story kept me up reading all night long. I loved this book." Miranda Kenneally, bestselling author of *Catching Jordan* Shakespeare references, betrayal, and a teacup piglet: what more could you want in a modern love story? Courtney C. Stevens, author of *Faking Normal* and *The Lies About Truth* "An emotionally vivid, fearlessly honest portrait of two very human families, with a love story that will make you ache. Utterly beautiful. Becky Albertalli, author of *Simon vs. the Homo Sapiens Agenda*"
