### Editorial Review

From Library Journal

This is a comprehensive, 9000-item bibliography of English-language materials on the Holocaust. Its scope is much wider than Vera Laska's *Nazism, Resistance and Holocaust in World War II* (Scarecrow, 1985). It includes an author index, introductory essays, and annotations of important books. It is especially useful when used in conjunction with *The Holocaust: an annotated bibliography and resource guide*, edited by David M. Szonyi (KTAV, 1985), which is an excellent guide to the literature. The Edelheits' bibliography is a product of ten years of research and is likely to be the standard work in the field for many years. Dennis Dillon, Univ. of Texas Lib., Austin
