China Since 1949 (Seminar Studies) By Linda Benson

Exploring the remarkable story of China's rise to global prominence, *China since 1949* provides a concise yet comprehensive overview of the events that have shaped the country since the middle of the twentieth century.

Covering the Maoist era through the Reform period to the present day, this book addresses subjects such as China's position as a world economic power, the Chinese Communist Party's treatment of ethnic minorities, women's experiences under the Communist regime, and China's human rights record. Fully updated throughout, the third edition includes:

- a new chapter focusing on China since 2010
- discussion of current issues such as China's territorial disputes, computer hacking and cyber-espionage, corruption, leadership changes, and the slowing of China's economic growth
- extensively revised chapters on China and the World and on Government, Politics and the Economy
- An updated selection of primary source documents.

Also containing a chronology of events from 1949 to 2015, a Who's Who of key figures, a glossary and a guide to further reading, *China Since 1949* is an accessible and engaging introduction to China's recent past and essential reading for students of modern Chinese history.

Editorial Review

Review

"Benson presents an authoritative introduction to an essential chapter of world history. In a crisp narrative and well-chosen accompanying materials, she provides a solid foundation for understanding China in recent history and its global role today."

Jeremy A. Murray, *California State University, San Bernardino, USA*

"Professor Benson offers a balanced and succinct introduction to the history of the PRC. A particular strength is her analysis of the challenges facing China, such as environmental crisis and economic inequality, as well as the opportunities created by market reforms. The text is supplemented with a useful glossary and more than thirty key documents illustrating the momentous changes China has experienced through revolution and reform."

Joshua Howard, *University of Mississippi, USA*

From the Back Cover

One of the most remarkable stories of the last century is the emergence of China as a modern economic giant, poised at the beginning of the 21st century to become a great world power. China has embraced the technological advances of the late 20th century and has provided new opportunities for millions of Chinese to improve their lives. While problems have accompanied this transformation, China's future holds unprecedented prosperity for 1.3 billion Chinese and greatly enhanced international status for the government that is making this possible.

This new textbook on the People's Republic focuses on the changes which have swept through China for the past half-century. As well as providing a coherent narrative of the major events in China's recent past, *China Since 1949* also provides an integrated treatment of:

- the history of women's experiences under the communist regime
- the Chinese Communist Party's treatment of ethnic minorities within China's borders and the rise of nationalism among the Mongols, Uighurs and Tibetans
- the regional differences within China and the resulting tensions
- the social implications of the Chinese Communist Party's attempts to control every facet of Chinese people's lives.

The accompanying documents providing primary source materials, the Chronology and Who's Who of key figures help to ensure that this is an indispensable text for students studying modern China.
