SAP HANA Cloud Integration (SAP HCI) By John Mutumba Bilay, Peter Gutsche, Volker Stiehl

Learn how to integrate cloud and on-premise landscapes with SAP HANA Cloud Integration! Start with the SAP HCI basics, and then explore predefined integration patterns, debug and secure your integration projects, develop custom adapters, and more. Real-life scenarios guide you through the integration process, along with helpful roadmaps for development steps. Get your applications working together!

- * Learn what SAP HCI is and how it fits into the SAP landscape
- * Model synchronous and asynchronous integration scenarios
- * Get the basics on development, operations, the Integration Advisor, and more

SAP HCI Fundamentals

Learn to create integration flows, work with the Content Catalog, and configure prepackaged SAP HCI content.

Integration Development

If prepackaged integration content doesn't meet your needs, take things one step further with custom integrations. Explore the development environment, SAP HCI's runtime, and processes like debugging and exception handling.

Operations and Security

Find out about the high-level security SAP HCI offers, and learn to configure your custom integrations so that your business data is always protected.

- * Integration flows
- * Content Catalog
- * Modeling synchronous and asynchronous scenarios
- * Debugging
- * Security
- * B2B integration
- * Root cause analysis
- * Web UI
- * Message mappings

Editorial Review

About the Author

John Mutumba Bilay studied computer engineering and finance at the University of Cape Town, South Africa. After completing his studies, he started his career as a software engineer. He currently works as a senior software engineer and enterprise integration consultant at Rojo Consultancy B.V. in the Netherlands. With more than 12 years of international experience in information technology, he has primarily focused on integration technologies for the last nine years. His SAP specialities include SAP integration- and process-related technologies, including SAP Process Orchestration and SAP HANA Cloud Integration. In addition to his daily integration work, he provides integration-related trainings for SAP and for Rojo Consultancy B.V.

Dr. Peter Gutsche studied physics at Heidelberg University, Ruperto Carola. After completing his Ph.D, he joined SAP in 1999. As an information developer, Peter was involved in many knowledge management projects related to SAP's interface and integration technologies. Today, as a knowledge architect, he is responsible for the product documentation of SAP HANA Cloud Integration and works on documentation concepts for Cloud software. Peter is a seasoned technical author with wide-ranging experience in the fields of SAP Process Integration and SAP HANA Cloud Integration.

Prof. Dr. Volker Stiehl studied computer science at the Friedrich-Alexander-University of Erlangen-Nuremberg. After 12 years as a developer and consultant at Siemens, he joined SAP in 2004. As chief product expert, Volker was responsible for the success of the products SAP Process Orchestration, SAP Process Integration, and SAP HANA Cloud Integration. He left SAP in 2016 and accepted a position as a professor at the Ingolstadt Technical University of Applied Sciences where he is currently teaching business informatics. In September 2011, Volker received his Ph.D. degree from the University of Technology Darmstadt. His thesis was on the systematic design and implementation of applications using BPMN. Volker is also the author of "Process-Driven Applications with BPMN" and a regular speaker at various national and international conferences.

Users Review

From reader reviews:

Shirley Wales:

The book SAP HANA Cloud Integration (SAP HCI) make you feel enjoy for your spare time. You need to use to make your capable much more increase. Book can for being your best friend when you getting strain or having big problem along with your subject. If you can make examining a book SAP HANA Cloud Integration (SAP HCI) for being your habit, you can get much more advantages, like add your current capable, increase your knowledge about several or all subjects. You can know everything if you like open and read a publication SAP HANA Cloud Integration (SAP HCI). Kinds of book are a lot of. It means that, science book or encyclopedia or some others. So , how do you think about this publication?
