The Older Man Collection By Kelli Wolfe

You can't help who you fall in love with.

Four stories of young women who find themselves falling for older men in their lives - men who should be off limits. How can you explain to your father that the only man you've ever been interested in is his best friend? How do you admit to your best friend that you've been secretly in love with her dad for years? Find out in these four sweet, steamy erotic romances about young loves and first times.

Tempting Adam: *I was crazy about him, but I was still only eighteen and he was my best friend's dad.*

I've been head-over-heels for my best friend's smoking hot dad, Adam, for years. Of course with me being too young and him being married I've never actually done anything about it. Except now I'm in college and he's divorced, and Keri and I are spending weekends over at his house keeping him company because he's been so upset.

And somehow I've managed to kiss him and ruin everything. I don't know what to do, and I'm too scared to go back. But now Keri has the flu and wants me to go by and check on him for her. It's the chance I've been longing for and dreading at the same time.

What's going to happen when I go back? Will Adam kiss me again?

Riley's Passion: *He knew exactly what effect he had on me.*

When I agreed to spend the summer with my college roommate, I didn't expect things to heat up so fast. Now I'm sharing her house with the sexiest man I've ever seen, and from the first moment I set eyes on Justin my hormones have been at a rolling boil. Too bad he's my roommate's dad.

I think that the attraction is mutual, but I'm positive that messing around with my roommate's dad would be crossing the line. Then there's this little matter of my boyfriend and the woman that Justin is dating. This sizzling chemistry we've got seems doomed to fizzle.—until my boyfriend dumps me.

Now all bets are off.

Lexie's Last Chance: *I knew right then that however the night went it wasn't going to be anything at all like it had played out in my little fantasies.*

The Arizona summer has nothing on the heat I feel every time I look at Steven. That gorgeous ex-Marine may be my dad's best friend, but I've got a very different sort of relationship in mind. My biggest problem is getting Steven to see me as a woman instead of as his best friend's little girl, but I always figured I'd have plenty of time to ease him into the idea of me being all grown up once I started college. Except I just found out that he's getting a promotion at work that will mean transferring to the other side of the state.

Now the clock is ticking. Can I get through to him in the two weeks I have left, or will the man of my dreams disappear forever?

Resisting Molly: *How do you tell your best friend's father that you'll do anything, be anything he ever dreamed of in a woman, if for one moment he'll just stop seeing you as a child?*

When I moved in with my best friend's dad because I had nowhere else to go, it was only supposed to be temporary. The longer I stay, though, the less I want to leave and the closer we come to doing something we both know is going to be a disaster—no matter how good it feels. No one is going to understand, and I'm terrified of how my best friend is going to react if she ever finds out.

But even though we're both fighting against the growing attraction between us, it isn't enough. Sometimes just a look can change everything, and when that look leads to a kiss it's almost impossible to put things back the way that they were.

Now we just have to decide if we're willing to risk everything for what may be the biggest mistake of our lives.
