Digital Ethnography: Principles and Practice By Sarah Pink, Heather Horst, John Postill, Larissa Hjorth, Tania Lewis, Jo Tacchi

Lecturers, request your [electronic inspection copy](#)

This sharp, innovative book champions the rising significance of ethnographic research on the use of digital resources around the world. It contextualises digital and pre-digital ethnographic research and demonstrates how the methodological, practical and theoretical dimensions are increasingly intertwined.

Digital ethnography is central to our understanding of the social world; it can shape methodology and methods, and provides the technological tools needed to research society. The authoritative team of authors clearly set out how to research localities, objects and events as well as providing insights into exploring individuals' or communities' lived experiences, practices and relationships.

The book:

- Defines a series of central concepts in this new branch of social and cultural research
- Challenges existing conceptual and analytical categories
- Showcases new and innovative methods
- Theorises the digital world in new ways
- Encourages us to rethink pre-digital practices, media and environments

This is the ideal introduction for anyone intending to conduct ethnographic research in today's digital society.

Editorial Review

Users Review

From reader reviews:

Bobby McCabe:

Reading a reserve can be one of a lot of action that everyone in the world enjoys. Do you like reading book therefore. There are a lot of reasons why people enjoy it. First reading a guide will give you a lot of new facts. When you read a guide you will get new information because book is one of a number of ways to share the information or their idea. Second, studying a book will make a person more imaginative. When you looking at a book especially fiction book the author will bring one to imagine the story how the figures do it anything. Third, you are able to share your knowledge to others. When you read this Digital Ethnography: Principles and Practice, you may tells your family, friends in addition to soon about yours e-book. Your knowledge can inspire average, make them reading a e-book.

Kerstin Torres:

The guide untitled Digital Ethnography: Principles and Practice is the e-book that recommended to you to study. You can see the quality of the reserve content that will be shown to a person. The language that article author use to explained their ideas are easily to understand. The article author was did a lot of research when write the book, and so the information that they share for your requirements is absolutely accurate. You also might get the e-book of Digital Ethnography: Principles and Practice from the publisher to make you far more enjoy free time.

Dianne Roy:

This Digital Ethnography: Principles and Practice is great book for you because the content which can be full of information for you who all always deal with world and also have to make decision every minute. This kind of book reveal it information accurately using great coordinate word or we can claim no rambling sentences within it. So if you are read the item hurriedly you can have whole information in it. Doesn't mean it only will give you straight forward sentences but difficult core information with lovely delivering sentences. Having Digital Ethnography: Principles and Practice in your hand like getting the world in your arm, data in it is not ridiculous one particular. We can say that no e-book that offer you world within ten or fifteen tiny right but this publication already do that. So , it is good reading book. Hey Mr. and Mrs. stressful do you still doubt that will?

Peter Lombard:

With this era which is the greater person or who has ability in doing something more are more valuable than

other. Do you want to become one among it? It is just simple approach to have that. What you are related is just spending your time not much but quite enough to have a look at some books. One of many books in the top record in your reading list is definitely Digital Ethnography: Principles and Practice. This book and that is qualified as The Hungry Hills can get you closer in turning into precious person. By looking right up and review this reserve you can get many advantages.
