Nice Noise By Yuri Landman, Bart Hopkin

Hidden inside your guitar is a world of sounds, tone qualities, timbres, and effects that you will never find with conventional playing techniques. Some of these sounds are beautiful, some comical; some are edgy, exotic, subtle, raucous, mellifluous or strange. These are the sounds you can bring out with the prepared guitar techniques described in this book. The focus here is not on electronic effects; it is on things you can do physically to alter the ways the strings vibrate or the soundboard projects. Most of these preparations are easily put in place and just as easily removed. A few of them involve permanent modifications that can take an old guitar to turn it into something quite new. Whatever type of guitar you play -- acoustic or electric; classical, jazz, rock, avant-garde or other -- this book will show you new and unexpected ways to play it. Want to hear what the preparations sound like? Audio examples, fifty-nine of them altogether, can be found free of charge at nicenoise.bandcamp.com. And of course the book is extensively illustrated with color photographs showing the how the preparations are set up.

Editorial Review

Users Review

From reader reviews:

Teresa Spillman:

Do you have favorite book? For those who have, what is your favorite's book? Book is very important thing for us to find out everything in the world. Each guide has different aim as well as goal; it means that reserve has different type. Some people experience enjoy to spend their the perfect time to read a book. These are reading whatever they consider because their hobby is reading a book. What about the person who don't like looking at a book? Sometime, man or woman feel need book once they found difficult problem as well as exercise. Well, probably you should have this Nice Noise.

Lisa Keener:

Here thing why this particular Nice Noise are different and dependable to be yours. First of all examining a book is good but it really depends in the content than it which is the content is as delicious as food or not. Nice Noise giving you information deeper since different ways, you can find any guide out there but there is no publication that similar with Nice Noise. It gives you thrill reading journey, its open up your eyes about the thing this happened in the world which is probably can be happened around you. It is easy to bring everywhere like in area, café, or even in your method home by train. In case you are having difficulties in bringing the published book maybe the form of Nice Noise in e-book can be your option.

Ronald Marinelli:

Reading can called brain hangout, why? Because when you find yourself reading a book specifically book entitled Nice Noise the mind will drift away trough every dimension, wandering in every aspect that maybe not known for but surely will end up your mind friends. Imaging every single word written in a guide then become one type conclusion and explanation which maybe you never get prior to. The Nice Noise giving you an additional experience more than blown away your mind but also giving you useful details for your better life in this particular era. So now let us explain to you the relaxing pattern this is your body and mind are going to be pleased when you are finished looking at it, like winning an activity. Do you want to try this extraordinary spending spare time activity?

James Hanson:

Nice Noise can be one of your starter books that are good idea. Many of us recommend that straight away because this guide has good vocabulary which could increase your knowledge in words, easy to understand, bit entertaining however delivering the information. The writer giving his/her effort to put every word into enjoyment arrangement in writing Nice Noise yet doesn't forget the main level, giving the reader the hottest

as well as based confirm resource info that maybe you can be among it. This great information may drawn you into completely new stage of crucial pondering.
