Homemade: How-to Make Hundreds of Everyday Products Fast, Fresh, and More Naturally From Brand: Readers Digest

For the first time in one book, here are low-cost, all-natural replacement recipes for 713 name-brand products that you buy week in and week out at the supermarket, pharmacy, or discount store. Save a fortune making your own everyday cooking, cleaning, and toiletry products! At the same time, you'll fill your cabinets with fresh, super high-quality products at work or taste great—without all the chemicals and preservatives of store-bought versions. Plus, ‘think green’—you will greatly reduce the amount of useless, environment-damaging waste and garbage—spray bottles, jars, and cans. For cleaning, laundering, and polishing, the compounds are much gentler and less damaging to drains, sewage, and septic systems.

The ingredients in most brand-name products account for only pennies of the purchaser's dollar and rest of what you spend covers advertising, packaging, shipping, and the retailer's overhead.

Try these easy to make recipes:

- Food Staples: mayonnaise, peanut butter, breakfast cereals, soft drinks, soups, pickles, and jellies—save 50% on homemade salsa
- Beauty and Health Supplies: moisturizers, facials, lip balm, aftershave, decongestant, foot powder, and PMS tea—save 90% on aftershave
- Household Compounds: glues, wood stains, ant traps, and houseplant food
- Cleaning Supplies and Polishes: carpet fresheners, cleaners, mildew remover, dishwasher detergent, and fabric softener—save 95% on homemade bathroom cleaner
