Saunders Veterinary Anatomy Coloring Book, 1e By SAUNDERS

Saunders Veterinary Anatomy Coloring Book includes approximately 300 illustrations to study and color. The coloring book helps you memorize the anatomy content you need to know in both veterinary medicine and veterinary technology and gives you a fun way to review the information you have studied. All illustrations in the book are suitable for coloring and are of the highest quality, created by expert medical illustrators.

Organized by body region, the book is divided into sections devoted to the head and neck; neck, back, and vertebral column; thorax; abdomen; pelvis; forelimb; and hindlimb.

Numbered lead lines clearly identify structures to be colored and correspond to a numbered list beneath the illustration so you can easily visualize the veterinary anatomy. Plus, you can create your own "color code" using the numbered boxes provided for each illustration.

- Comprehensive veterinary anatomy coverage helps you reinforce your understanding of canine, feline, equine, porcine, ruminants, and avian anatomy.
- High quality illustrations make it easy for you to color in each anatomic region and review anatomic details.
- Self-study format provides a fun and interactive way to prepare for exams throughout your veterinary courses.
- Part of Elsevier's complete veterinary anatomy learning system, integrating core anatomy knowledge, engaging review, hands-on practice, and clinical application to give you a solid foundation for success!
