South Africa: The Rise and Fall of Apartheid (Seminar Studies) By Nancy L. Clark, William H. Worger

Apartheid was an oppressive and brutal system of racial discrimination that captured and appalled world opinion during the latter half of the twentieth century. **South Africa: The Rise and Fall of Apartheid** examines the history of South Africa during this period of apartheid: from 1948 when the Nationalists came to power, through to the collapse of the system in the 1990s.

Written in a clear and accessible manner, the book:

- charts the history of the apartheid regime, starting with the institution of the policy, through the mounting opposition in the 1970's and 1980's, to its eventual collapse in the 1990's
- highlights the internal contradictions of white supremacy
- demonstrates how black opposition, from that of Nelson Mandela to that of thousands of ordinary people, finally brought an end to white minority rule
- provides an extensive set of documents to give insight into the minds of those who fashioned and those who opposed apartheid
- discusses the subsequent legacy of apartheid

Also containing a Chronology, Glossary, Who's Who of leading figures and Guide to Further Reading, this book provides students with the most up-to-date and succinct introduction to the ideology and practice of apartheid in South Africa.

SOUTH AFRICA

THE RISE AND FALL OF APARTHEID

SECOND EDITION

'Apartheid', the oppressive and brutal system of racial discrimination, was practised throughout South Africa during the second half of the twentieth century. This form of racism was hotly debated both locally and globally and aroused the attention and opposition of world opinion. *South Africa: The Rise and Fall of Apartheid* examines the history of South Africa throughout the period of apartheid, starting with the institution of the policy when the Nationalists came to power in 1948, through mounting opposition in the 1970s and 1980s, to its eventual collapse in the 1990s.

In this thoroughly revised and expanded second edition, the book has been updated to include economic and political developments in South Africa right up to 2010, and examines the huge impact that apartheid has had on the history of South Africa since 1994. In their comprehensive coverage, Clark and Worger:

- chart the complete history of the apartheid regime
- highlight the internal contradictions of white supremacy
- demonstrate how black opposition finally brought an end to white minority rule
- include documents that provide insight into the minds of those who formulated and those who fought against apartheid
- discuss the legacy of apartheid

Fully illustrated with additional figures and tables, an updated bibliography and a comprehensive description of online resources available, this book provides students and researchers with the most up-to-date and succinct introduction to the ideology and practice of apartheid in South Africa.

NANCY L. CLARK and **WILLIAM H. WORGER** have been researching and writing about the history of South Africa since first visiting the country in the mid 1970s. Nancy L. Clark is currently Professor of History at Louisiana State University. William H. Worger is Professor of History at the University of California, Los Angeles.
