The Chronothron By Nathan Van Coops

Run from the past. Run from the future. Run for your lives.

He's a novice time traveler in a big universe.

Ben just wants time with the scientist's daughter who got him into this, but when he's rooked into competing in a chronothron-an *Amazing Race* through time-getting the girl means he'll need to make the finish line. When he finds out this competition is more than just a sprint through history, winning takes a back seat to surviving. To save the people he loves, he'll have to conquer the real dangers hidden in the shadows of the chronothron.

The world of time travelers expands in this next installment of the *In Times Like These* time travel series. Fans of book one will find more to love, but new readers can jump right in and enjoy this stand-alone time travel novel. Expect action, adventure, and romance on this journey through past and future. Fresh dangers will arise for Ben and company in a quest for the finish line, where failure to keep up will cost more than just a shot at glory--it could mean the end for them all.

From the Author

Welcome to ***The Chronothon!*** This book was the most fun I've ever had writing. If you like adventure, with a little bit of romance, history, and some fantastic locations thrown in, this is the book for you. I'm an avid reader of time travel and have never seen this concept tackled, so I was eager to see where the story would take me. This book contains moderate profanity and some scenes of intense sci-fi violence, roughly equivalent to a PG-13 film. Appropriate for teen, young adult, and adult readers. Not appropriate for children. Thanks for reading. -**NVC**
