Editorial Review

Review

“But these are only minor criticisms of what will be an extraordinarily helpful and reassuring book for many students.” (*Times Higher Education*, 28 February 2013)

Review

"A marvelous new book with which to introduce students to the informed, intelligent and insightful criticism of films, literature, and culture. In easy-going and engaging prose, Ryan shows his readers why cultural criticism practiced well is still amongst the most important things we can - and must - do. Students will love following him as he moves from Adorno to Hawthorne to Fanny Burney to Negri - an original critical ride."
—**Imre Szeman**, University of Alberta

“This is a smart and clearly written book that covers the whole field of criticism very well.”
—**Robert Scholes**, Brown University

From the Back Cover

Written in a highly accessible style, this book offers an up-to-date and thorough introduction to contemporary critical practice. Ranging engagingly from formalism and structuralism to psychology and history, the book also covers more recent developments in criticism, such as evolutionary theory, cognitive studies, ethical criticism, and ecocriticism.

An Introduction to Criticism offers a step-by-step approach to acquiring the skills to write analytically, and in doing so teaches readers how to think critically about the world and to become more aware of the cultural assumptions, values, and ideas on which they rely.

With practical examples, a focus on logical reasoning, and an innovative combination of literary, cultural, and film studies, this book is an essential resource for beginning students of literary and cultural criticism.

Users Review

From reader reviews:

Alvin Maltby:
