Creative Genius: How to Grow the Seeds of Creativity Within Every Child

By Marjorie Sarnat

Teach creative thinking step-by-step - With *Creative Genius* students learn and grow their creative thinking skills. The book contains challenging activities for ages 6-14, covers 9 subject areas, and is written for any learning level. Each lesson includes extensions that offer many variations of the main activity. Because it's not grade-specific, *Creative Genius* is a valuable resource that will last for years. Inside you'll find:

Lesson Plans - Over 100 creative thinking lesson plans, clearly organized and easy to follow

Reproducibles - 150 reproducible "picture prompts" of Objects, Creatures and Personalities

Bonus Section - "Creativity: Mysteries Revealed," a concise guide written in plain language

Students Learn How To:

- *Create Ideas* - how to get, develop, and *keep* them
- *Build Skills* - practice thinking fluently and flexibly
- *Brainstorm* - valuable techniques for young students
- *Problem-Solve* - when and how to apply divergent and convergent thinking
- *Take Risks* - test ideas and why failure leads to success
- *Be Self-Motivated* - advance with enthusiasm and determination
- *Find Inspiration* - learn the stories of creative role models and their accomplishments

Creative Genius moves students beyond lower-level thinking skills, like fact recall, and stimulates them to make new connections and think beyond the obvious. Children who are encouraged to imagine, dream, generate new ideas, and give those ideas form, are motivated learners and become the innovators of tomorrow.

Creativity is as important to a student's future as any other educational goal. *Creative Genius* is the most comprehensive book of its kind. It will save you hours of planning whether you lead a group of gifted students or wish to help students of any learning level to develop their creative potential.

Editorial Review

Review

"I wish I'd had this book when I was an elementary school teacher! This book delivers practical lessons in which students have the opportunity to think creatively."

- Dr. Alane Jordan Starko, author of "Creativity in the Classroom"

"Teachers (or parents) may want to help a child's creativity grow, but they may not always know how. Building off established research, Sarnat offers a fun and hands-on guide that will inspire, enrich, and delight."

- Dr. James C. Kaufman, international expert in creativity, co-editor of "The Cambridge Handbook of Creativity"

About the Author

Having had a lifelong interest in creative thinking, Marjorie Sarnat cofounded *Jr Imagination* to fulfill a goal of growing the creative potential in all children.

She is a successful author, painter, inventor, and designer. Marjorie has teamed with major manufacturers to create hundreds of products based on her artwork in the gift, fashion, and craft industries. Her award-winning books and products are enjoyed by people worldwide. With a unique understanding of creativity both academically and artistically, as well as with her extensive background in product development, Marjorie is able to generate extraordinary content for teachers, parents, and kids.

Marjorie is a featured author at creativity-portal.com. She received her Certificate of Training for "Putting Ideas into Action" from the International Center for Studies in Creativity from Buffalo State University, N.Y. Marjorie has taught art to children and teens, and is past editor of *Arts & Activities* magazine. She is an alumna of the School of the Art Institute of Chicago, and is a graduate of Eastern Michigan University.

Users Review
