Editorial Review

About the Author

Steve Zumdahl is the author of market-leading textbooks in introductory chemistry, general chemistry, honors-level chemistry, and high school chemistry. Recently retired from his long-time position as Director of Undergraduate Programs at the University of Illinois, he has received numerous awards for his contributions to chemical education. These include the National Catalyst Award in recognition of his contribution to chemical education, the University of Illinois Teaching Award, the UIUC Liberal Arts and Sciences Advising Award, and the School of Chemical Sciences Teaching Award (five times). He earned his B.S. in Chemistry from Wheaton College (IL), and his Ph.D. from the University of Illinois.

Susan A. Zumdahl earned a B.S. and M.A. in Chemistry at California State University--Fullerton. She has taught science and mathematics at all levels, including middle school, high school, community college, and university. She is past director of the Merit Program for Emerging Scholars in Chemistry at the University of Illinois. In addition, she spearheaded the development of a sophisticated web-based electronic homework system for chemistry and is co-author on several chemistry textbooks.

Users Review

From reader reviews:

Mary Marshall:

Information is provisions for those to get better life, information nowadays can get by anyone with everywhere. The information can be a expertise or any news even a concern. What people must be consider whenever those information which is in the former life are hard to be find than now's taking seriously which one is appropriate to believe or which one the actual resource are convinced. If you get the unstable resource then you understand it as your main information it will have huge disadvantage for you. All of those possibilities will not happen with you if you take Preparing for the AP Chemistry Examination (Fast Track to a 5) as your daily resource information.

Lena Drew:

This Preparing for the AP Chemistry Examination (Fast Track to a 5) is great publication for you because the content which can be full of information for you who all always deal with world and still have to make decision every minute. This book reveal it information accurately using great plan word or we can say no rambling sentences inside. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but tough core information with attractive delivering sentences. Having Preparing for the AP Chemistry Examination (Fast Track to a 5) in your hand like getting the world in your arm, details in it is not ridiculous a single. We can say that no guide that offer you world within ten or fifteen small right but this e-book already do that. So , it is good reading book. Hi Mr. and Mrs. stressful do you still doubt that?

Matthew Ibarra:
