**"This book contains everything someone needs to design a residential rainwater harvesting system. A complete and useful guide. Highly recommended."
By K. Friesen, P.E.**

"A great information source for anyone who is interested in harvesting rainwater." By clifwen

"Excellent technical manual for people serious about harvesting rainwater in a variety of ways. I got so much more than I had hoped for. What a great book, well written,thoroughly researched. Water harvesting can save you money, increase your property's drought resiliency, grow beautiful fruit trees, prevent soil erosion, increase wildlife habitat.... This is one I will not only keep and use, but will end up buying copies for family members in drier areas. Great book!" By Stuart Powell
